

Jewish Academy students enjoy Sukkot at the JCC

By Dassy Cotlar

One of the benefits of the Jewish Academy is the way that Jewish holidays are celebrated with excitement and a sense of panache. On the middle days of Sukkot, Jewish Academy students spent a special afternoon at the JCC. They ate lunch in the JCC Sukkot, and had special field day activities. The kindergarten and first grade students built edible sukkahs out of graham crackers. They had to use ingenuity and trial and error to make the walls stand up!

Grades 2 -5 designed and built their own Sukkot using various recyclable materials. They worked in groups to fashion unique Sukkot, forming various geometric shapes – circles, rectangles, and octagons. Students used their creativity and resourcefulness to install windows, carpeting and even kitchens within their heavily decorated Sukkot.

Jewish Academy provides an excellent general studies and Jewish education to the families of Wake County, regardless of synagogue affiliation or level of observance. Grades K-5 are open for enrollment all year. Please join us for an open house, Nov. 14th to see how Jewish Academy can be a good fit for your child. For more information, contact Dassy Cotlar, Director of Recruitment, at 841-1206 or email info@myjewishacademy.org or visit our website at www.myjewishacademy.org.

Jewish Academy students Rachel Secan and Heather Shevach design their Sukkot.

There's only one
Phyllis!
Which Phyllis sold you your home?
Moving Raleigh one family at a time!

No matter which Phyllis sold you your home, we all know that there's only one Phyllis. Although her hairstyle may change from time to time, one thing that does not change is her performance. For three decades Phyllis Wolborsky has been the real estate broker with the timeless reputation that is recognized locally ...and nationally.
